INTRODUCTION TO THE UNIVERSITY OF MARYLAND SCHOOL OF SOCIAL WORK

Welcome to the University of Maryland School of Social Work's 2023-2024 Student Handbook and Academic Catalog which provides information necessary to understand program requirements, policies and procedures, and available services and supports. It also provides a framework of our social work values and expectations. Please read this handbook in its entirety, as it has vital information and applies to all students enrolled in the 2023-2024 academic year.

Mission and Goals

Mission of the MSW Program

The mission of the University of Maryland School of Social Work is to develop practitioners, leaders, and scholars who will advance the well-being of people and communities and promote social justice. As national leaders, we create and use knowledge for education, service innovation, and policy development.

All educational programs and activities at the University of Maryland School of Social Work are informed by our mission.

Goals of the MSW Program

Our goals are to prepare students to:

- use a person-in-environment framework and a strengths-based perspective that recognizes the multiple and intersecting causes of personal problems: psychological, biological, familial, organizational, community, political, economic, and social;
- embrace social work's fundamental mission to promote social, economic, racial, and environmental justice, which requires practice with and on behalf of vulnerable and oppressed populations and people of diverse backgrounds and needs within multiple systems, domestically and internationally;
- practice competently—working across the spectrum of social work with individuals, families, groups, organizations, communities, and society—and build on this strong foundation to practice at an advanced level in a method of concentration (clinical or macro social work).
- practice in a manner that reflects the values and principles underlying the Code of Ethics of the National Association of Social Workers (NASW);
- critically assess, implement, and inform evidence-based and best practices in social work;
- understand the critical influence of social policy on social work practice and engage in advocacy for socially just policies at all levels of society; and
- pursue ongoing professional development to become highly skilled practitioners and the next generation of social work leaders.

Requirements for Success

The MSW curriculum prepares graduates to work with critically important aspects of people's lives. This responsibility necessitates a significant commitment by the MSW student to master the principles upon which the profession is based.

- The MSW curriculum is rigorous. Approximately three hours of preparation time is required for each hour spent in class. This time is used for library research, assigned readings, group meetings, writing papers, studying for exams, and completing other assignments. In addition, MSW students are required to work in their field practicum 2 days each week in the foundation year and 2-3 days each week in the advanced year.

- Attending the MSW program is demanding and requires significant time commitment. Students are expected to consider how they will manage competing demands in order to prioritize their academic commitments, including field placement. This will require flexibility and compromise. While possible, students have found working full-time while in the program to be onerous.
- It is the MSW student's responsibility to remain flexible regarding class schedules and field practicum days and locations. The School cannot guarantee that academic schedules and field practicum will be arranged around students' other commitments.
- MSW students will stay informed about and meet all announced deadlines. The Elm, video display monitors, MSW websites, and e-mail are vehicles to help MSW students meet this professional obligation. Students should regularly check their SSW email, own a computer, and have access to the internet while in the program.

CSWE Core Competencies & Behaviors

Our CSWE-accredited program is also guided by the CSWE competencies that graduating MSW students are expected to acquire in a master's program. These competencies detail the fundamental behaviors students develop and use in their new roles as professional social workers. The MSW program assesses student competence in courses and field practicum. The 9 core competencies as outlined by CSWE are as follows:

- Demonstrate Ethical and Professional Behavior
- Engage Diversity and Difference in Practice
- Advance Human Rights and Social, Economic, and Environmental Justice
- Engage in Practice-Informed Research and Research- Informed Practice
- Engage in Policy Practice
- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess Individuals, Families, Groups, Organizations, and Communities
- Intervene with Individuals, Families, Groups, Organizations, and Communities
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

Justice, Equity, Diversity, and Inclusion (JEDI) Statement and Guiding Principles

Social Work holds a longstanding value of upholding and working toward social justice for all peoples. We are a welcoming community working for social justice on campus and in the world. We must examine racism and other forms of oppression beyond the actions of individuals, for it is embedded in the very fabric of our society.

We acknowledge that racism and many forms of oppression exists. As we move towards being an anti- racist and anti-oppressive organization, we vow to purposefully identify, discuss and challenge issues of racism, sexism, ableism, homophobia, xenophobia, anti-Semitism and other forms oppression and interrogate how the impact(s) they have on our organization, its systems, and its people. We will also challenge ourselves to understand and correct any inequities we may discover and gain a better understanding of ourselves during this purposeful process.

We are resolved to explicitly and publicly affirm our transformation into an anti-racist and anti-oppressive academic department.

We are resolved that our commitment to anti-racism and anti-oppression be reflected in the life and culture of the department through our policies, programs and practices as we continue to learn about racism.

We resolve to develop and work to implement strategies that dismantle racism and oppression within all aspects of our department, college, university, and society.

MSW CURRICULUM REQUIREMENTS

The MSW degree can be pursued in a variety of formats from 11 months to 4 years. For more information, explore the various [plans of study online](#) and [specific curriculum requirements](#).

MSW Degree Requirements

- An overall minimum GPA of 3.0 is required for graduation and a “P” (Pass) for all field courses
- All incoming students must complete the 0-credit prerequisite A Brief History of Oppression and Resistance before the first day of classes. This self-paced online course in Blackboard takes approximately 35 hours to complete all three modules.
- No course may be taken without having received credit for its prerequisite.
- All students must select a concentration in their advanced curriculum.
- All students who will be in their advanced curriculum in Fall 2023 or earlier must select a specialization.
- All students are required to submit a graduation application during their final semester of enrollment.

Program Options

60 Credit Hybrid MSW Program

Students in the 60-credit Hybrid MSW degree program must earn their degree at the Baltimore or Shady Grove campus within four years of initial registration. They complete 27-credits of Foundation curriculum and 33 credits of Advanced curriculum determined by their concentration.

60 Credit Online MSW Program

Students in the 60 credit Online MSW program complete the degree in three years, including summers. While all courses will be virtual, both Field Practicums will still be an in-person experience.

36 Credit Hybrid Advanced Standing Program

Students in the 36–credit Advanced Standing MSW program must have earned a BSW and complete the MSW program within two years of initial registration. Their 36 credits of Advanced curriculum are determined by their concentration and specialization.

Foundation Curriculum

The 27-credit Foundation Curriculum provides educational and skills development in the values, concepts, and processes that are the core of social work practice. Coursework in human behavior and the social environment, social work practice, social policy, structural oppression, and research helps students develop a problem-solving framework with individuals, families, groups, communities, and organizations. Students also complete a two-semester field practicum, taken

two days a week, in a social service placement where, with the help of a field instructor, they engage in carefully supervised and progressively more responsible social work practice. For more information please refer to [curriculum overviews online](#).

The goal of the Foundation Curriculum is to provide students with a sound, broad base for future practice in any concentration and specialization.

- SOWK 600 - Social Welfare and Social Policy
- SOWK 610 - Structural Oppression and Its Implications for Social Work
- SOWK 630 - Social Work Practice with Individuals (taken with SOWK 635)
- SOWK 631 - Social Work Practice with Communities and Organizations (taken with SOWK 635)
- SOWK 632 - Social Work Practice with Groups and Families (taken with SOWK 636)
- SOWK 635 - Foundation Field Practicum I
- SOWK 636 - Foundation Field Practicum II
- SOWK 645 - Human Behavior & the Social Environment
- SOWK 670 - Social Work Research

Advanced Curriculum

All students must select a [concentration](#) to guide their advanced curriculum and field placement. The advanced curriculum includes an advanced policy course, four methods courses in their concentration and 2 electives (60 credit program program) or 3 electives (advanced standing program).

Concentrations

In the advanced year, students at the Baltimore campus have the choice between the Clinical and the Macro concentration. They can also choose a primary and secondary concentration as described below. Each concentration has specific course requirements. Students at the USG campus and the Online program will automatically follow the Clinical concentration.

Secondary Concentration Option

Students who select a primary and secondary concentration (i.e., Clinical/Macro) are placed in their Advanced Field Practicum based upon their primary concentration only. A secondary concentration will expose the student to some of the content from the other concentration through study in two courses.

Specializations

Only students in their advanced field placements in Fall 2023 are required to select a specialization within the Advanced Curriculum. Each specialization is guided by a committee that ensures the curriculum and field experiences are current and appropriate.

Selection of Concentration/Specialization

Students will declare their concentration and/or specialization on their Advanced Field application. The concentration and specialization will not only drive the Advanced field placement, but also the Advanced course requirements. If a student wants to change their concentration and/or specialization during their Advanced year, they must first seek approval from their Field Coordinator and the Academic Advisor.

Field Education

The field practicum is the signature pedagogy of the MSW program and gives students an

opportunity to apply classroom learning to practice. It is a required component of the MSW curriculum, where students have the opportunity to demonstrate skill development in all professional competencies and behaviors in the EPAS from CSWE. There are two different field practicums included in a student's plan of study: first year Foundation and second year Advanced. Advanced Standing students are only required to participate in Advanced Field.

- Foundation field practicum students participate in a monthly field seminar rooted in anti-oppressive practice.
- The Office of Field Education (OFE) places students in a variety of social work agencies throughout the state of Maryland and other nearby regions and works across both campuses of our program -- one at the University of Maryland, Baltimore main campus and one at The Universities at Shady Grove campus in Rockville, Maryland.
- Field practicums typically occur during traditional workday hours for the full academic year beginning in the fall and continuing through the spring semester. The OFE cannot arrange placements that are exclusively during evening and/or weekend hours.
- Placements are generally within a (50) mile radius of the student's home.
- The foundation and advanced field practicums typically take place in different settings.

See more information within the [Field Education Manual](#)

Employment-Based Field Placement Option

Students working in a social service setting may consider an employment-based field placement option if their proposal meets strict criteria and is approved by the agency and the Office of Field Education. If you are interested in pursuing this option, please reach out to the Office of Field Education at fielddeduction@ssw.umaryland.edu.

Foundation Field

Foundation placements are arranged by the OFE with the goal of developing generalist skills in an agency that expands on a student's previous experience. Foundation year field placements are typically two full days a week (usually either Mondays/ Wednesdays or Tuesdays/Thursdays) for a minimum of 15 weeks each semester and 55 total days for the Foundation year. Each field practicum day must be no less than four hours and should not exceed eight hours. Foundation students participate in a field seminar throughout the first year of their practicum experience. Foundation Field and Seminar I & II (SOWK 635 and SOWK 636) constitute 3 credits each semester.

Field Seminar

The Foundation Field Seminar promotes cultural humility and anti-oppressive practice. The seminar meets online each month during the academic year as small groups of students and is facilitated by a seasoned seminar instructor. Students are expected to consider, and critically reflect upon, the implications of privilege and oppression in their placement experiences. Field Seminar also provides students with an opportunity to discuss their field experiences and bridges the application of theory in practice. Field Seminar counts as 1/3 of Foundation students' field grades and is mandatory. Students who miss their field seminar may be at risk of failing the semester of field practicum.

Advanced Field

Advanced year field placements are three full days a week (usually Tuesdays, Wednesdays, and Thursdays) for a minimum of 15 weeks each semester and 85 total days for the Advanced year. Each field practicum day must be no less than four hours and should not exceed eight hours. Advanced field practicum students do not participate in field seminars. Advanced Field (SWCL/SWOA 794 and SWCL/SWOA 795) constitutes 6 credits each semester.

Advanced Extended Field

Advanced students may choose an extended field practicum option, which requires two (2) days per week from September through July. This option must be requested by the student in their field application and requires approval by the agency and the Office of Field Education. Students who choose this option do not complete the MSW until July, must complete the required graduation application for July (not May) and receive their diplomas in August as summer graduates.

SSW International Field Placement Program (Returning for the 2024-2025 AY)

International Advanced field placements are offered in London, UK and Cochin, India. Students live on campus at the partnering university and take MSW courses in the social work department there. Field practicums are arranged in local agencies based upon the students' concentration.

In both locations, students are in residence for five to six months and complete 18 credits towards their advanced curriculum including their complete Advanced field practicum requirement. These experiences begin in summer and extend through the fall semester. Interested students complete an application and interview as part of the selection process, followed by preparation and team building activities.

SSW Course Catalog

A comprehensive listing of MSW courses can be found at [Course Offerings](#). Not all courses are offered each semester or every academic year.

Electives

Depending on a student's plan of study, they may have the opportunity to take one or two electives. Electives can be any course that a student has met the prerequisite for from the course catalog. Students also have the choice to enroll in some of the following specialty elective courses:

International Education Opportunities

Each year, the SSW typically offers one or more specialized courses that include campus classes and short-term travel to another country. Recent courses have focused on social justice, health research, and comparative social work practice with travel to India and Israel: [Global Opportunities](#)

Independent Research Projects (SOWK 790)

Students interested in research can participate in independent research that is either student- initiated or faculty-led.

Independent Study (SOWK 798)

Students who are interested in completing an independent study should first identify a Faculty member who can serve as the instructor. The student should then consult with the Senior Associate Dean for Academic Affairs for procedures for approval of such course. An independent study course may be counted as an elective and range from 1-3 credits.

Courses from other University of Maryland Institutions or Outside the SSW

Students who are interested in taking graduate courses to fulfill their elective requirements either at another University of Maryland institution or another SSW must be in touch with the Office of Records and Registration for the appropriate forms and process: sswregistration@ssw.umaryland.edu. These courses will be approved on a case-by-case basis. To ensure transferability, it is recommended that students discuss their planned choices prior to enrolling in a class.

Dual Degree Programs

In addition to our MSW program options, the SSW offers five [dual degree programs](#) in partnership with other schools on campus and universities in the region. Students accepted into the MSW program and one of the participating dual-degree programs must meet with the designated SSW faculty coordinator and the academic advisor to develop an individualized plan of study.

MSW and Leadership in Jewish Education and Communal Service

Offered through UMB's School of Social Work and Towson University and can be concurrently completed in two years with summer classes or a minimester enrollment; however, a three-year program is recommended. The School of Social Work accepts 6 credits to be transferred from TU to apply to the Advanced Curriculum requirements. Towson University accepts 6 credits in transfer. This program prepares students to be skilled in social work, be knowledgeable about Judaism, and receive professional experience in the Jewish community. This program emphasizes the development of students' capacities for effective communication, critical analysis, and flexible thought.

MSW and Juris Doctor

Offered through University of Maryland School of Social Work and University of Maryland Francis King Carey School of Law and can be completed within four years, with study for one summer typically required. The 27 credit MSW Foundation Curriculum is the same for all students, however, the MSW Advanced Curriculum accepts 6 credits from the law school, which are selected in consultation with the SSW Faculty Coordinator. The MSW-JD program is valuable preparation for careers in advocacy, as well as in the administration of human service organizations, and in executive, legislative or judicial arenas in all areas of social welfare and social policy including such as child welfare, family law, criminal justice, health, and well-being.

MSW and Master of Business Administration

Offered through University of Maryland School of Social Work and University of Maryland College Park (UMCP) Robert H. Smith School of Business and can be completed within four years excluding summers. This program requires 90 credits, with 39 taken at UMCP and 51 taken at the SSW. Students typically complete year one in the MSW, years two and three in the MBA, and year four in the MSW.

MSW and Master of Public Health

Offered through University of Maryland School of Social Work and Johns Hopkins University Bloomberg School of Public Health and can be completed within three years. Students typically complete year one in the MSW, year two (including summer) in the MPH, and year three in the MSW. The School of Social Work allows 6 to 9 credits of its program to be completed in the MPH program; these may include 3 credits of research requirements and 6 credits of advanced policy or electives. This allows students to complete both the MSW and MPH programs with fewer courses than if they had to enroll in each program separately. The MSW/MPH dual degree program prepares graduates to assume leadership positions and program administration in health-related agencies and settings, to advance the science of health disparities research, and to deliver multi-level practice interventions for at-risk populations.

MSW and Master of Public Policy

Offered through University of Maryland School of Social Work and University of Maryland College Park (UMCP) School of Public Policy and can be completed in three years including summers. This program requires 90 credits, with 51 credits taken in the MSW program and 39 credits taken in the MPP program. Students can complete year one in either program, year two in the alternate program, and year three is spent split between both programs. Each program accepts 9 credits in transfer. This program prepares graduates for practice in public policy and social service agencies

and settings in which a combined expertise in social work and public policy would enable them to assume policy and leadership positions.

Applicants to any dual-degree program must apply separately to each program. Admission to one program does not guarantee admission to the other. Specific information on the dual-degree programs and faculty coordinators is available here: [Dual Degree Programs](#).

SSW POLICIES, PROCEDURES AND EXPECTATIONS

Community Expectations

To foster a culture of inclusion, dignity, and respect within our community, we offer these principles to clarify what is expected of each community member.

At the University of Maryland, Baltimore's School of Social Work (SSW), we are committed to empowering students to their full potential both inside and outside of the classroom as they pursue a career in social work. These guiding expectations serve as the foundation for our approach, emphasizing the centrality of community and human relationships, the value of diversity, and the prioritization of social justice, anti-racism, and anti-oppression. As you read through these shared commitments and expectations, know that this represents the work of numerous students, staff members, alumni, and faculty who have lent their voices and perspectives to articulating the agreements we support one another in upholding together as a community.

We firmly believe that every individual within our community, whether student, staff, faculty, or administrator, possesses agency and should be treated with the utmost dignity and respect. By embracing communal accountability, support, and our collective dedication to these principles, we hope to shape both academic experiences and those beyond the classroom, nurturing a compassionate and inclusive environment where everyone can thrive and contribute meaningfully.

These expectations are further rooted in the following:

NASW Code of Ethics	UMB Core Values
1. Service	1. Respect and integrity
2. Social justice	2. Well-being and sustainability
3. Dignity and worth of the person	3. Justice and equity
4. Importance of human relationships	4. Discovery and innovation
5. Integrity	
6. Competence	

The following table identifies the four core areas of focus for our community expectations, which include cultivating a culture of belonging and inclusion, communication, commitment to personal development, and being present. In it, we identify what is meant in each domain, why it is important to creating the culture we wish to foster, and we provide examples of how this is accomplished. These lists are not exhaustive, nor is this document stagnant. Please use [this form](#) to provide feedback.

SSW Technical Standards and Conduct Policy

Students must consistently, accurately, and independently demonstrate essential technical requirements and academic requirements. Technical requirements, as distinguished from academic requirements, refer to the minimum cognitive, professional, and behavioral standards required for a student to matriculate and satisfactorily complete all essential aspects of the program. Academic requirements refer to educationally based requirements such as prerequisite course completions and grade point averages.

Essential Technical requirements include:

- Intellectual and conceptual capacity to adequately learn, analyze, synthesize, and integrate information so that service can be provided to client populations, social agencies and other community services. These standards are met through demonstrated effective problem solving that occurs in a timely fashion, demonstrated exercise of good judgment, and prompt

completion of all responsibilities related to clients and School of Social Work curriculum responsibilities.

- Communication standards to retain and recall information effectively and promptly, and perceive and respond appropriately to oral, non-verbal, and written communications. Communication standards are met through demonstrated professionalism and sensitivity with faculty, staff, students, field practicum colleagues, clients, School of Social Work stakeholders, and the community.
- Behavioral, ethical and professional standards consistent with the National Association of Social Workers (NASW) Code of Ethics including respect for faculty, staff, students, field practicum colleagues, clients, School of Social Work stakeholders and the community, and differences in culture and values. A summary of the Social Work Code of Ethics is provided on the [NASW Website](#).

These standards are met through demonstration of emotional health required to function in stressful situations, adaptation to changing environments, and prompt completion of all responsibilities related to the School of Social Work curriculum requirements.

Course Attendance and Engagement

Students are expected to attend and engage in all sessions. Students who miss five (5) class sessions or more (both excused and unexcused) cannot pass the course and will have to retake the course at a later point. Please note that individual instructors may have additional attendance guidelines and expectations set forth in their syllabus.

Attendance enables the transfer of content knowledge within a course or student activity and provides students with access to other, non-content specific contextual information, resources, and relationships that can positively impact their knowledge and sense of belonging. Student attendance and engagement is a critical element of classwork, allowing not only individual learning, but also group discourse, community connectedness, and accountability. Increasingly, attendance is being understood as a precursor and leading indicator for student success. Student learning must be both self-motivated and facilitated by professors and classmates.

Students may initiate a [leave-of-absence](#) or a course withdrawal in accordance with the [academic calendar](#). On occasion, unusual and special circumstances may warrant the consideration of an exception to this policy. Students who believe they meet these criteria may contact the Associate Dean for Student Affairs.

Course Exemptions

All newly admitted 60 credit students at the Baltimore and USG campuses are eligible to take [exemption exams](#) for three foundation courses:

SOWK 600—Social Welfare and Social Policy [3 credits]

SOWK 645—Human Behavior and the Social Environment [3 credits]

SOWK 670—Social Work Research [3 credits]

Students who place out of a course by successfully passing the exemption exam must take another elective course in its place. Therefore, those who qualify for exemptions must still complete 60 credits at the School to earn the MSW degree. Students who are exempted from courses should consult the academic advisor for special assistance in program planning.

Transfer Credit Policies

Policy for Accepting Graduate Transfer Credit Prior to Admission

Under certain circumstances, a student may upon request to receive a maximum of 6 transfer (elective) credits for a course in which a grade of “A” or “B” was earned in another discipline, within four years prior to enrollment here; each course will be individually assessed for social work relevancy. Official determination of allowable credit for coursework completed elsewhere will be made at the time of admission. A course that is considered to have content equivalent to the required course, but has only 2 credits, may be accepted for transfer. The student will be exempt from taking that course but must take the additional credit in the specific sequence. Students transferring courses from a quarterly system must also make up the difference in credits.

Policy for Accepting Graduate Transfer Credit from Another School of Social Work

A student may wish to take a course at another MSW program and have that course credit transferred to their UM program. (An example would be an education abroad experience offered for credit at another school during the summer or the semester break). Guidelines for approval prior to taking the course and the required documentation are located on the SSW website. Students must complete and submit the [Request To Take Courses At Another School of Social Work Form](#). Refer to the required documentation for this request to be considered. To ensure transferability, it is recommended that students discuss their planned choices prior to enrollment.

Credit Load

The maximum credit load for [Fall and Spring semesters is 16 credits](#), and [6 credits for the Summer semester](#). A student can request approval to seek an exception to the maximum credit load by completing the semester specific Academic Overload form on the website.

Academic Overload Policy

Registering for more than 16 credits in the Fall and Spring or 6 credits in the Summer requires approval from the Office of Records and Registration by completing an [Academic Overload Request Form](#). A student’s cumulative GPA must be 3.80 or above as one consideration for approval of an academic overload. Enrollment into overload credits is on a space-available basis.

Minimum Credit Policy

Registering for fewer than 6 credits per semester requires approval from the Office of Records and Registration.

Grades

Grades in Academic Courses

The letters A through C- and F are used to evaluate performance in classroom courses; the letter P (Pass) is the passing grade for field courses and SOWK 610. A grade of F is required to be repeated.

A cumulative grade point average of “B” or 3.0 is required for graduation. Every credit hour below a 3.0 must be balanced by a credit hour above 3.0 unless it is repeated. When a course is repeated, the new grade, whether higher or lower, replaces the old grade and becomes the grade of record for calculating the grade point average. A course, regardless of the grade, may be repeated one time only.

The grade of “F” indicates failure to achieve a satisfactory level of performance and the course must be repeated. The original “F” grade remains on the student’s permanent record, but it is the subsequent passing grade that is used to compute grade point average. Thus, a grade “F” cannot be balanced.

GRADE	QUALITY POINTS	NUMERICAL EQUIVALENT
A	4.00	93 – 100
A-	3.67	90 – 92.9
B+	3.33	87 – 89.9
B	3.00	83 – 86.9
B-	2.67	80 – 82.9
C+	2.33	77 – 79.9
C	2.00	73 – 76.9

Grades in Field Education

A grade of Pass (“P”) is awarded to MSW field education courses to denote satisfactory completion of requirements. Courses assigned the grade of “P” will not be computed in the student’s grade point average. No Mark (NM) indicates that the Instructor has not yet submitted the final grade.

Students enrolled in Extended Field receive their final semester grades on a different schedule. Please refer to the Field calendar for more information.

Incomplete Grade

An incomplete grade is given under exceptional circumstances for a student who has made satisfactory progress in the course and because of illness or circumstances beyond the student’s control is unable to complete the course requirements by the end of the semester. The incomplete grade is not designed to accommodate an illness or circumstance that is long in duration where the student misses the majority of a course. More appropriate avenues for such long illnesses or circumstances are to withdraw from the course, retake the course, take a leave of absence from the program, or to withdraw from the program.

A student is only eligible to receive an incomplete (“I”) grade when there is a reasonable expectation that all course requirements can be completed with a passing grade. The grade of “I” may be only be considered for a student who:

- has attended at least half of the course, AND
- has completed approximately half of all coursework assignments (if assigned) with at least a grade of “B”, AND
- in the judgment of the instructor, is performing at a grade of “B” or better (or a grade of passing in a field course).

The instructor retains the right to make the final decision on granting a student’s request for an “I”, even though a student may meet the eligibility requirements for this grade. If the course in which an “I” is assigned is a prerequisite for another course, the student cannot attend the other course until a final grade for the prerequisite course is entered. For the classroom, the student must obtain permission in writing from the instructor for an incomplete “I” grade to be entered. This is evidenced by the submission of an Incomplete Grade Form ([found here](#)).

Timelines for completion of work must be agreed upon in writing by the instructor and the student

and written into the Incomplete Grade Form. The instructor will determine a deadline no later than 6 weeks from the last day of the semester in which the course was attempted and enter this date into the Incomplete Grade Form.

In the case of a student enrolled for a course where the incomplete course is a prerequisite for the upcoming Fall, Spring or Summer semester, the deadline for the grade to be entered by the instructor must occur at least ten (10) calendar days prior to the first class of the next enrolled course. For Field Education courses, in the case where there is not enough time between semesters to make up missed field days and assignments, the student, field instructor and faculty field liaison will develop a written plan for completion of missed field days and assignments. The Incomplete Grade Form will be used to document this plan. This plan may extend beyond the 10 day limit but may not exceed 4 weeks from the last day of the semester. The administration of the Office of Field Education must approve the plan in writing.

It is the student's responsibility to complete and submit the remaining coursework before the assigned deadline. The instructor will submit the grade change, converting the "I" to a letter grade, no more than one week after receiving the student's completed work. All grade changes must be submitted by the instructor to the Office of Records and Registration using the Supplemental Grade Form.

If the student does not meet the deadline(s) as written, the "I" will automatically convert to an "F". Instructors may not issue a terminal "I" grade.

Grieving a Grade

Students who wish to grieve a grade for either a course or field practicum should follow the procedures outlined in *Appendix A: Student Grievance Committee*.

Course Registration

The schedule of course offerings is published online, and registration takes place in April for the Fall and Summer semesters, and in November for the Spring semester. Registration dates and required materials are emailed to students and posted on the SSW Registration and Academic Calendar online. The School follows the common calendar of the University. This consists of a fall semester, a spring semester, and a summer session: [Calendars and Course Schedules](#)

- Online Synchronous Classes require students to participate in partial to entire sections of class at the exact same time. Students and instructors are online at scheduled dates/times to participate in lectures, discussions, activities, and presentations.

Cross Campus Registration

Baltimore and USG students can only take in-person or hybrid courses at their respective campuses unless the course is specifically open to all students. USG students may request to take courses at the Baltimore campus by completing the [USG-Baltimore Course Request Form](#). Baltimore students are not authorized to enroll in coursework offered at the USG campus. Additional USG schedule information is available [here](#). Courses within the Online MSW program can only be taken by those students admitted specifically to that program.

Waitlist for Closed Courses

The Office of Records and Registration maintains an internal waitlist for classes that are full. If a student wishes to be added to the waitlist for a course, they must submit a request for each section using the online Wait: [Waitlist Request Form](#). If a section opens and the student is next on the list, they will be notified via email by the Office of Records and Registration. Students will be provided with a deadline to accept or decline the offered seat. Failure to respond within the deadline constitutes forfeiture of the offered seat and students will be required to submit a new waitlist request form.

Auditing a Course

A course may be audited on a space-available basis with priority given to students taking the course for credit. The course will appear on the student's transcript as Audit (AU) but will not count toward the credit requirement for degree completion. A student may not change their status to audit or vice versa once the semester has started. Charges for audit courses are the same as credit courses. Students interested in auditing a course should complete the [Request for an Academic Audit Course form](#) prior to the start of the semester.

Adding and Dropping Courses Once Semester Has Begun

Based on availability, a student may add a course to their schedule during the first week of classes. This must be done by emailing the Office of Records and Registration at sswregistration@ssw.umaryland.edu. Courses may be dropped until the semester's drop date.

Once the semester has started, there is no refund for students who drop courses or for students who change their status from full-time to part-time (fewer than 9 credits).

Students who register for a course and decide not to take it must officially drop it by that semester's drop date to avoid submission of a failing grade. This may be done by submitting the [Request to Drop a Course Form](#). Students should refer to the SSW [Registration and Academic Calendar](#) to obtain the specific dates for drop/add.

Academic Standing

Academic Probation Policy

At the end of every semester, each student's Grade Point Average (GPA) is reviewed by the Office of Records and Registration to determine if the student is in good academic standing. Good academic standing is having a GPA of 3.0 or higher.

A student who, for the first time, obtains an overall GPA below 3.0 will be notified that the student is being placed on Academic Probation. A student on Academic Probation for the first time is required to meet with either the Assistant Dean for Student Services or the Associate Dean for Student Affairs prior to the start of the next semester to develop an academic plan to assist the student in improving the student's grades. Failure to do so will result in an administrative hold on the student's account that prevents further registration. Once on Academic Probation, a student is not eligible for incomplete grades (with Field as the only exception).

A student will be dismissed from the MSW program after 2 consecutive semesters of having a GPA below 3.0 (i.e., on Academic Probation). The Office of Student Affairs may consider an exception to dismissal for a student with a strong potential for achieving a 3.0 GPA by the end of the student's next semester. If granted the exception, a student must achieve a 3.0 GPA by the end of that one granted semester to remain in the program.

Repeating Courses

A course may be repeated only once. Although the first grade continues to appear on the student's transcript, the second grade becomes the grade of record and is the one computed in the overall grade point average.

Suspension

Suspension is the denial of enrollment for a specified period of time. Grounds for suspension for problematic professional behavior include but are not limited to:

- ethical violations,
- academic dishonesty,
- conviction of a crime, and
- falsifying information on the admissions application.

(See Appendix B for the Student Review Committee (SRC) Policy for an explanation of the SRC referral and hearing process).

A student who is suspended does not need to reapply to the school but must comply with the written terms of the suspension. Suspensions may be up to one year in duration. The student must document and submit evidence of the student's compliance in a written appeal requesting re-entry to the School, in accordance with the timeline given in the terms of the suspension. The Associate Dean for Student Affairs will communicate the decision regarding the appeal for re-entry into the school.

Dismissal

Dismissal is the denial of enrollment for an indefinite period of time. A student who has demonstrated “academic failure” or problematic professional behavior will be dismissed from the program.

Examples of academic failure include but are not limited to:

- having earned failing “F” grades in two, three-credit courses OR
- having earned failing “F” grades in two semesters of field practicum OR
- having earned failing “F” grades in a combination of one, three credit course and one semester of field practicum OR
- two semesters of Academic Probation.

For a course where the student receives their first “F” the student may retake the course. The grade received for the re-take will be placed on the student’s transcript and calculated in the student’s revised GPA. However, the initial F will remain on the transcript. The second “F” will result in automatic dismissal, even in circumstances when the first “F” has been replaced with a passing grade. A course where a student receives a second “F” grade may not be repeated.

Grounds for dismissal for problematic professional behavior include but are not limited to:

- ethical violations,
- academic dishonesty,
- conviction of a crime, and
- falsifying information on the admissions application

(See Appendix B for the Student Review Committee (SRC) Policy for an explanation of the SRC referral and hearing process.)

Readmission and Reinstatement after Dismissal

Following the required 2-year waiting period, students may be eligible for a one-time request for reinstatement via the process below:

- a) complete an application for admission to the School
- b) communicate their intention to apply for reinstatement in writing to the Associate Dean for Admissions and Enrollment
- c) submit a one-time request for reinstatement by completing the Reinstatement Request Form found [here](#). Part of the reinstatement request, students are expected to describe the changes they have or will make in their academic preparation and strategies that will improve their potential for successfully completing their program.

The Reinstatement Review Committee, a subcommittee of the UMSSW Admissions Committee, reviews requests for readmission and reinstatement and may request the student participate in an interview. Decisions are communicated to the student directly. Decisions are binding and not eligible for appeal.

Students who are readmitted will work with a representative from Student Affairs to create a customized plan to support academic success. The readmitted student must also meet with the academic advisor prior to the start of their returning semester.

Students who are approved for reinstatement will be readmitted on Academic Probation status and must be in good academic standing, with a GPA of at least 3.0 within one semester.

Reinstated students who do not achieve good academic standing will be dismissed without

possibility of future reinstatement.

Taking a Leave of Absence

A Leave of Absence is to be used by students who, due to extenuating circumstances, do not plan to enroll for a semester or for registered students who want to drop all courses after the semester has begun. A leave may be taken from the School at any time up until the last day of the semester, but not in order to preclude current or impending failures. Students may take a leave of absence for up to two regular semesters, after which they must apply for readmission through the Office of Admissions.

Students should complete the form Request for a Leave of Absence ([here](#)) which will be submitted to the Office of Records and Registration for approval. Students are financially liable for the semester tuition and fees as outlined in [the UMB "Refund Schedule for Withdrawal"](#).

Withdrawal from the SSW

Students who wish to withdraw or disengage from the School of Social Work with no intention of returning should complete the Withdrawal from the School of Social Work form located on the School's website ([here](#)). A student can withdraw from the School at any time during the semester, but may be financially liable for the semester tuition and fees as outlined in [the UMB "Refund Schedule for Withdrawal" refund-schedule](#).

Graduation Application

All degree candidates must file a formal [Graduation Application](#) with the UMB Office of the Registrar during the semester in which they expect to graduate. The deadline for submission is published in the School of Social Work's Daily Bulletin and on the campus wide Academic Calendar. Applications should be submitted online in SURFS in the Student Records area. Students enrolled in Advanced Field Practicum on an extended schedule will apply for Summer (July) graduation even though their practicum registration is for the spring semester.

Convocation and Commencement

The SSW holds a Convocation ceremony in May for all students who complete degree requirements in May and the prior December, as well as for those students who expect to complete requirements in July. Expected July graduates are not certified nor do they receive their diploma until all requirements are completed and the Summer semester has ended. The UMB campus celebrates an annual Commencement ceremony in May, typically on the Thursday prior to the SSW's Convocation ceremony. Information about both ceremonies is listed on the school's website in a timely manner: [Convocation Information](#)

Honors and Awards

The SSW Graduation Committee solicits nominees in the spring for student awards acknowledged at Convocation. These include one student for each concentration in Clinical and Macro, and one student for Field Practice. The University of Maryland School of Social Work does not award Latin Honors.

Phi Kappa Phi Honor Society

The University of Maryland Baltimore is part of the University of Maryland, Chapter 22 of the National Phi Kappa Phi Honor Society. PKP recognizes and promotes academic excellence in all fields of higher education and engages the community of scholars in service to others. The SSW annually nominates eligible graduating students in the top 10% of GPA. Those students are invited by the PKP UMB representative to join the Honor Society and attend an annual ceremony. (Note:

Social work students admitted as Advanced Standing, and transfer students awarded greater than 21 credits are not eligible for nomination).

Licensing Information

To practice as a Social Worker in the U.S., you must be licensed. The social work licensure examinations given throughout the U.S. are overseen by the Association of Social Work Boards (ASWB). The ASWB website contains answers to common questions regarding the licensing exam and social work licensure in general (www.aswb.org).

There are different levels of licensure and each state has different requirements that need to be met. In Maryland, an entry-level post-MSW license is the LMSW (Licensed Master Social Worker). In Washington D.C., an entry-level post-MSW license is the LGSW (Licensed Graduate Social Worker). In Maryland, social work is licensed by the Maryland Board of Social Work Examiners (BSWE). Degree candidates may apply to the BSWE for licensure by examination in their final semester. Degree candidates wanting to be licensed in a state other than Maryland or D.C. may require a letter from the Registration Office to verify their degree candidacy. Students should submit their request [online](#).

Please review our [Licensing and Exam Preparation](#) page for additional resources.

Obtaining a Transcript/Record of Academic Work

Students may request an official transcript in SURFS. Transcripts will be sent in hard-copy at no charge via U.S. Mail ([Official Transcripts and Verification](#)).

Post MSW Coursework (Special Student Status)

Under certain circumstances and with approval of the Office of Records and Registration, non-matriculated individuals who have completed an MSW may register for a course as a “special” student. Once approved, the person must communicate with the Office of Admissions to complete an abbreviated application and include both an official transcript and a statement as to the reason for enrollment. The matriculated application fee and per credit hour tuition and fees apply to “special” students. Students who have been dismissed from the MSW program may not come back as “special” students. “Special” students may register on a space available basis.

Membership consists of a faculty chair and five faculty members. Selection and representation is delineated in the Faculty Plan of Organization (FPO). A voting student representative will be selected by the Student Government Association (SGA) for each grievance. The Committee will make recommendations to the SGC Chair and the Dean.

Note:

- View Student Policies [here](#).
- The faculty member, administrator or staff person must be a current employee of UM throughout the grievance process.

Discrimination Complaints: The SGC does NOT review discrimination complaints. The University of Maryland, Baltimore is committed to fostering a safe and just environment for its students, faculty and staff. UMB does not tolerate discrimination in any form including sexual harassment and violence or illegal discriminatory practices. All discrimination should be reported promptly to the Office of Accountability and Compliance. The Report Form located at [this link](#) may be used to report prohibited sex discrimination, including sexual misconduct. Information will be kept as private to the fullest extent possible and will be disclosed only to those individuals who need to know in order to investigate and resolve the complaint, and/or as required by law.

Scope

The SGC shall review any grievance brought to it based on one or more of the following:

1. arbitrary and capricious action on the part of a faculty member in, but not limited to, evaluations or grading. (As defined by the Board of Regents USM Policy II – 1.20, “the term ‘arbitrary and capricious’ grading means:
 - 1) the assignment of a course grade to a student on some basis other than performance in the course;
 - 2) the assignment of a course grade to a student by unreasonable application of standards different from the standards that were applied to other students in that course; or
 - 3) the assignment of a course grade by a substantial and unreasonable departure from the instructor’s initially articulated standards.”)
2. violation of due process according to generally accepted norms of the University community by faculty, administrators, and/or staff;

Procedures

For Grievances against Faculty:

- Grievant (student) and faculty member whose action is the subject of the grievance shall meet. It is the responsibility of the student to request the meeting.

- Failing resolution in the meeting, the grievant (student) should meet and discuss the matter with the Senior Associate Dean of Academic Affairs (for courses) or the Director of Field Education (for field practicum).
- Failing resolution in this meeting, the student shall arrange to communicate and meet with the SGC Chair. (If the grievance is against the SGC Chair, the next senior-in-rank SGC Committee member shall assume the Chair role on a pro term basis.)
- There may be situations where the before established channels cannot be followed due to the nature of the allegation and the student may go directly to the SGC chair (i.e. fear of retaliation).

For Grievances against Administrators, Exempt Staff or Non-exempt Staff:

- Arranged by the grievant (student), a meeting to discuss the matter shall be held with the Senior Associate Dean of Academic Affairs.
- Failing resolution at this meeting, a meeting shall be arranged with the SGC Chair.
- There may be situations where the before established channels cannot be followed due to the nature of the allegation and the student may go directly to the SGC chair (i.e. fear of retaliation).

Documentation/Decision Process

Once the above procedures have been completed the Grievant (student) must submit to the SGC Chair a written grievance petition, which includes:

- A statement that the grievance falls within the scope of the committee.
- Facts that clearly delineate and support the grievance, attaching copies of all relevant documentation.
- A description of the specific steps that the student has taken in an attempt to resolve the conflict through established institutional channels before submission to the Committee.
- The student is encouraged to keep and present in support of the grievance a record of all meetings and what is found to be an unsatisfactory resolution of each step.

SGC Chair Review/ Response:

- Upon receipt of the grievance submission, the SGC chair will review the petition for determination of whether it constitutes a grievance that falls within the scope of the SGC in keeping with the SGC Committee internal procedures.
- When a petition is determined to fall within its purview, the SGC chair shall notify the person(s) named in the grievance (Respondent) and provide them with a complete copy of the petition.
- The SGC Chair shall offer mediation of the grievance to the parties, and if mediation is to be used, all parties must accept it and a resolution will be offered by the SGC Chair. (Mediation is not binding and does not preclude continuation of the grievance by the student.)
- If mediation fails to resolve the grievance, the SGC Chair shall appoint faculty members and a student representative for each grievance as needed, following Committee procedure. This constitutes the Grievance Review Committee (GRC). (No SGC member may be appointed to the Grievance Review Committee if the member is a respondent of the alleged grievance.) In addition, the Respondent is notified within 14 calendar days to submit a written response.

Time Restrictions and Notifications:

- A written grievance petition shall be submitted to the SGC Chair within 10 calendar days of the action/ incident/grading. If the grievance relates to a grade, then 10 calendar days from

the posting of the grade.

- The SGC Chair will notify the respondent when the procedures (mediation) have failed to produce a solution and request a written response from the respondent within 10 calendar days of the receipt of this notification. The respondent's written response will be shared with the student (grievant).
- If a GRC Committee meeting is necessary the recommendation should be completed, or a status report generated within 20 calendar days of its receipt of the grievance petition, and the respondent's written response
- The SGC Chair will be notified of the Committee's recommendation and then this recommendation is forwarded to the Dean for final decision. (If the respondent is the Dean, and the grievance was sustained then the recommendation is forwarded instead to the President of the University for decision and final action.)
- The required timetable for the grievance review and recommendation may be suspended for the period of June 16 to August 20 as determined by SGC chair.

Grievance Review Committee Meeting:

- The SGC Chair will provide all received documents (grievant and respondent) to the GRC Chair.
- The GRC Committee may request the student and respondent to appear before the Committee. If so, both parties may bring an advocate. (Advocate may not be an attorney.)
- The Grievant has the option of deciding if the committee's student representative shall participate in the meeting.

Decision:

- The Dean will consider the GRC recommendation and the documentation prior to making a decision on the grievance. The Dean may accept, modify or reject the committee recommendation.
- The Dean's decision, which is final, will be sent in writing to the student, the respondent, the SGC chair and the GRC chair.

Grievance Process Synopsis

If a student (Grievant) believes they have a grievance based upon the before listed information, they should:

1. Meet with Respondent (faculty, administrator or staff person) to discuss and attempt to clarify/resolve issue.
2. Meet with Associate Dean to discuss and attempt to resolve if step 1 is unsuccessful.
3. Meet/communicate with SGC Chair to discuss the grievance if step 2 is unsuccessful.
4. Provide documentation to SGC Chair as requested after meeting. This should occur within the timeframe noted above.
5. Meet with SGC Chair and Respondent for mediation if offered.
6. Meet with GRC Committee if requested.
7. Receive final decision from Dean

APPENDIX B: STUDENT REVIEW COMMITTEE

 4. The Associate Deans for Student Affairs and Academic Affairs may refer students for:
 - a. academic risk or failure
 - b. problematic behavior or any violation of the [University's Student Policies](#) or the NASW Code of Ethics.

The referring party bringing the allegation must provide the SRC a detailed written statement of the allegations, providing as much supporting documentation as possible including the student’s written material and corroborating statements of other faculty, staff, agency personnel, students and others, if applicable.

The student will be requested to provide the Committee with a written response reviewing the circumstances of the conviction, and present a review of the circumstances at a Committee hearing.
3. Referrals of demonstrated inability to adequately carry out field assignments:
 - a. The Office of Field Education will notify the student of referral to the SRC Committee and provide the SRC Chair with documentation of the student’s performance by the field instructor, the field liaison, and any other relevant source.
 - b. The student will be requested to provide the Committee with a written response, a review of the field performance, and will be requested to present a review of the performance at a SRC Committee hearing.
 - c. When the Committee considers Office of Field Education referrals, the student’s field liaison shall be requested to attend.

Documentation/Decision Process

Copies of the referral letter and supporting materials shall go to the SRC Chair, who will be responsible for sending copies to the student and the Committee members.

1. The SRC Chair shall review the referral and its supporting documents and make a decision to accept or reject the case for review. The Chair shall notify the parties of the decision and provide the parties with details of the charge(s).
2. If the case is to be reviewed, the SRC Chair shall convene the Committee within 10 working days, if practical. Under extenuating circumstances, the Chair may, upon request, allow the student additional time to prepare a response to the allegations. If graduation is imminent and contingent upon the actions of the SRC Committee, the Committee shall convene at its earliest opportunity.

Hearing

- The Chair shall set a time convenient to all parties to hear arguments, allow points to be clarified, and collect any additional information that the Committee deems relevant.
- The student shall have the option of discussing their educational performance and/or charges of problematic behavior with the Committee. Students may choose not to attend the hearing.
- Students have the option of deciding whether the Committee's student representative remains a part of the Committee process.
- Students who choose to meet with the Committee may bring support persons to the hearing. Each student may bring one support person, though it is not required. The support person may choose to make a brief statement of support on behalf of the student but may not ask questions of the Committee or of other witnesses. By University policy, the support person may not be an attorney (practicing or otherwise). Students cannot be accompanied by attorneys at these hearings unless the subject of the review concerns alleged criminal behavior for which criminal charges are or may be pending. In such instances, attorneys may be present to advise their clients but may not address the Committee directly.
- At the conclusion of the hearing, the Chair will excuse everyone in attendance except the Committee members. The Committee will first discuss and then vote on whether to uphold the allegations in the referral. The Committee shall determine whether or not it believes the incident(s) occurred and whether it meets the standards of academic dishonesty or unprofessional (problematic) behavior
- If the allegation(s) is not upheld, then the deliberations are ended and the Chair will notify the student to that effect. If the Committee does uphold the allegations in the referral, it will next deliberate on, formulate, and vote on the disposition. The Chair will forward the disposition to the student and to the Dean.
- Examples of SRC outcomes are:
 - Take no action,
 - Place the student on academic probation,
 - Suspend the student,
 - Dismiss the student.
- The SRC Chair will keep a record of the proceedings.

Notification

- The student will be informed of the decision regarding the disposition of the hearing in writing, usually within 2 weeks of the hearing. The student may request to receive a copy of the Committee's written disposition and a tape recording of the hearing.
- If the case is heard and the charges of problematic behavior, academic dishonesty, or criminal conviction are not substantiated, the written material shall be expunged.
- All notifications, except dismissal, will come directly from the SRC chair. If a student is dismissed as a result of the SRC hearing, notification of dismissal will come directly from the Dean.

Appeal Procedures

- Students have the right to appeal the SRC's decision to the Dean under the following circumstances:
 - Failure of due process
 - New evidence that could not be presented earlier
 - Evidence that a result was unjust
- An appeal must be filed with the Dean's office within 30 calendar days of receiving the disposition.
- The Dean will conduct an appeal by reviewing all documentation, including any relevant new information, and will render a final disposition within 2 weeks.
