### *What is the "Career Affairs Directory"?*

It is a quick reference listing of licensed social workers that have volunteered to make themselves available to speak with students of the University of Maryland School of Social Work about their area of expertise. The sharing of information by social workers in the profession gives prospective MSW graduates insight into the field of social work and the factors to be considered when entering (or preparing for) the job market.

### *What are the volunteer roles for licensed social workers cited in the directory?*

Resource Person - A social worker that has made him/herself available [by appointment, telephone or email] to discuss an area of expertise with a student.

Presenter – A social worker who has agreed to give a talk on his/her experiences as a social worker and to educate students about their particular field as a clinician, educator, administrator, advocate, legislator, or community organizer. A presenter could be asked to participate in "Career Talks" sponsored by the Student Government Association, or to speak in the classroom.

Mentor – A social worker (UMB SSW Alum) who has agreed to serve as a mentor to a MSW student. The student will be matched with an alum who has similar academic and career aspirations.
