DREAM BIGGER
Specializations
**Specializations**

Each of our specializations prepares students to work with certain populations in a range of settings. Students choose a Concentration and Specialization which shapes their curriculum and gives them the tools to apply social work principles and skills to a particular group. These groups range from children and families, to the elderly, and areas of practice range from advocacy for improved policies and services to individuals with mental health issues, to school social workers.

**Aging**  
**Chair:** Kelley Macmillan  
410-706-5121  
kmacmillan@ssw.umaryland.edu

**Mental Health**  
**Chair:** John Belcher  
410-706-3613  
jbelcher@ssw.umaryland.edu

**Children and Families**
