Thompson School of Social Work <u>Courses Taught:</u> <ul style="list-style-type: none">• <i>Social Work Practice in Health Care</i> – Fall 2018• <i>Social Work Practice in Behavioral Mental Health</i> – Spring 2018; Spring 2019• <i>Seminar in Social Work Practice in Behavioral Mental Health</i> – Fall 2017; Fall 2018• <i>Social Work Directed Reading and Research: Geriatric Workforce Enhancement Program in an Interdisciplinary Primary Health Care Setting</i> – Fall 2017; Spring 2018
2011–2012	Field Consultant/Lecturer, School of Social Welfare University of California, Berkeley

Courses Taught at UC Berkeley:

- *Diversity-Sensitive & Culturally Competent Social Work (emphasis on LGBTQ+ populations)* – Spring 2012
- *Current Topics in Social Welfare: Aging in Community* – Summer 2012
- *Fieldwork Preparation and Integration Seminar: Gerontology* – Fall 2011, Spring 2012
- *Second Year Fieldwork Seminar: Gerontology* – Fall 2011, Spring 2012

EXPERIENCE OTHER THAN HIGHER EDUCATION

2010–2011	Executive Director, San Francisco Village – nonprofit promoting aging-in-place
2009–2010	Associate Director, Mental Health Association of San Francisco
2008–2009	Director of Diversity, American Society on Aging, San Francisco, CA
2007–2008	Director of Social Services, Self-Help for the Elderly, San Francisco, CA
2006–2007	Project Manager, Department of Aging & Adult Services, City & County of San Francisco; Position funded by Robert Wood Johnson Foundation
2005–2006	Medical Social Work Intern, San Francisco General Hospital
2004–2005	Medical Social Work Intern, North and South of Market Senior Services' Adult Day Health Center (ADHC), Tenderloin District, San Francisco, CA

HONORS RECEIVED

- "Dean's Teaching Award," University of Maryland School of Social Work, 2020
- "Best Poster for Discussion," International Society for Paediatric Oncology (SIOP), 2017
- "Favorite Teacher Award," Kappa Alpha Theta, University of California Los Angeles, 2017
- "First Place Research Prize," California Geriatrics Society, University of California San Diego Clinical Geriatrics Interprofessional Symposium, 2016
- "Wednesday Warrior," Stupid Cancer, 2016
- "Conference Scholarship Award," Association of Oncology Social Work (AOSW), 2015
- "2015 Mass Kicker," Mass Kickers Foundation, 2015
- "Creativity in Photography" Award for Facing Chemo Project with Robert Houser, *Communication Arts Photo Annual*, 2011
- "Welcoming New Immigrants" Award on behalf of Self-Help for the Elderly's Citizenship Program, San Francisco Immigrant Rights Commission, 2008
- "API Woman Leader of Tomorrow" Award Nominee, Pacific Asian American Women Bay Area Coalition (PAAWBAC), 2006

ONGOING RESEARCH SUPPORT

Principal Investigator:

Community-Informed Research Award

09/01/2021-08/31/2022

University of Maryland Greenebaum Comprehensive Cancer Center

Role: Principal Investigator, Amount: \$35,565

Supports implementation of a pilot study entitled, "Development of patient-centered navigation strategies to reduce disparities in financial hardship across cancer treatment and survival," aimed at utilizing community engagement activities with patients and community-based cancer care staff to generate navigation strategies that can be integrated into a standard oncological workflow.

Competitive Innovative Research Award

02/01/2021-01/31/2022

University of Maryland School of Social Work

Role: Principal Investigator, Amount: \$27,184

Supports implementation of a pilot study entitled, "Antiracist patient engagement in adolescent and young adult oncology research and advocacy," to derive preliminary findings on patient engagement that can subsequently be used to propose a larger study for a comparative effectiveness trial to the Patient-Centered Outcomes Research Institute (PCORI).

Co-Investigator:

National Institutes of Health, National Cancer Institute R01CA218398

09/01/2021-08/31/2026

Application: 1R01CA261752-01

Total Direct Costs: \$7,283,643.00

PI: Bradley J. Zebrack, PhD, MSW, MPH, University of Michigan

Role: Co-Investigator, 10% FTE Years 1-5

Study Title: "Social genomic mechanisms of health disparities among adolescent and young adult (AYA) cancer survivors"

Supports implementation of a five-year prospective cohort study aimed at identifying and defining functional genomic pathways through which current and past psychosocial and social environmental risk and resilience factors influence gene regulation in AYAs, and thus contribute to a greater understanding of health disparities in post-treatment cancer survivorship.

National Institutes of Health, National Cancer Institute R01CA218398

09/01/2021-05/30/2026

Application: 1R01CA261888-01

Total Direct Costs: \$2,426,514

mPIs: Kimberly A. Miller, PhD, MPH, University of Southern California;

Joel Millam, PhD, MA, University of California, Irvine

Role: Co-Investigator, 5% FTE Years 1-5

Study Title: "Individual, cultural, and area-based factors associated with survivorship care among Asian/Asian-American childhood cancer survivors."

Asian populations are the fastest growing ethnic group in the United States. Rates of childhood cancer are increasing for Asian Americans; however, Asian American survivors are under-researched. This study will examine the individual, family, and neighborhood factors associated with cancer-focused survivorship care among young adult Asian American childhood cancer survivors to foster healthy survivorship for this patient population.

Submitted and Pending Review:

National Institutes of Health, National Cancer Institute R01CA218398

07/01/2022-06/30/2026

PI: Grace Hillyer, EdD, MPH, Columbia University

Role: Co-Investigator, Amount: 12.5% FTE Years 1-4

Study Title: "EASY ENROLL: Educating and Supporting Young adults

ENROLLing on Clinical Trials" The overall objective of this proposal is to develop a culturally-responsive, developmentally-appropriate, disease-matched peer coaching program coupled with a digital education library customized to AYAs. Our hypothesis is that for AYAs with cancer, a combined program that includes both peer health coaches and media-based information about clinical trials will impact perceptions of clinical research, receptivity towards clinical trial participation, and willingness to engage in discussions about trials at the time of diagnosis.

Fellowships:

- 2018 Sponsored Faculty, Interdisciplinary Faculty Seminar on Race, Gender, and Culture, Co-sponsored by Hawaiiinuiakea School of Hawaiian Knowledge, College of Social Sciences, School of Law, and Office of the Chancellor at the University of Hawaii;
