This is a brief summary about new federal rules governing the privacy of health information. It defines basic terms and lists basic principles that all UMB Personnel must follow.

### Objectives

You will learn:

- What HIPAA is
- The basics of the Privacy rule
- How HIPAA Privacy affects each of us
- The consequences of non-compliance with HIPAA Privacy rules
- Where to go with questions

### WHAT IS HIPAA?

- Health Insurance Portability & Accountability Act of 1996
- HIPAA is a Federal law
- HIPAA establishes uniform rules for protecting Health Information and privacy
- Maryland law that is stricter than HIPAA and is more protective of health information privacy than HIPAA still applies

### Basics of the HIPAA Privacy Rule

- UMB personnel cannot see or use Protected Health Information unless it is required for the job.
- UMB personnel can only see or use the minimum amount of Protected Health Information that is necessary for a task
- UMB personnel who see or use Protected Health Information in violation of HIPAA have violated federal law. Penalties include, fines, jail, and UMB disciplinary action, which may include termination or expulsion.

### HIPAA Penalties

- \$100 fine per day for each standard violation. (Up to \$25,000 per person, per year, per standard.)
- \$50,000 fine + up to one year in prison for improperly obtaining or disclosing health information.
- \$100,000 fine + up to five years in prison for obtaining or disclosing health information under false pretenses.
- \$250,000 fine + up to ten years in prison for obtaining health information with the intent to sell, transfer or use for commercial advantage, personal gain or harm.
- Penalties under University policy, which can include termination or expulsion.
