What is the Youth Leadership Academy?

• Group that meets every other week
• Covers topics like: mental health, substance abuse, safe relationships, leadership
• Youth choose what they want to learn about and what skills they want to develop
• Youth receive stipends for participating
Premise of YLA

Youth who feel empowered, resourceful and confident will be able to take the information and skills learned and...

• Lead the YLA

• Return and share their knowledge and growth with other youth

• Make changes in the mental health and justice system
Youth Role

• To use their voice to design a program that works for them.

Staff Role

• To follow the leadership and direction of youth
The Youth Leadership Academy started as a summer pilot program.
And then…

We looked at feedback from the pilot.
What did YLA youth want to learn more about?

- Anger management
- Conflict resolution
- Hygiene
- Race and culture
- Mental health
- Substance use/ self-medicating
- Self-esteem: be yourself, don’t follow trends
- Social media safety and responsibility
- Sex trafficking
- Social activism/community involvement
- Safety planning
- Walk through of courts
What was missing from YLA?

Opportunities to volunteer
AND…

Hearing from others with lived experience.
And we continue to make sure YLA is youth-driven by

- Highlighting topics chosen by youth
- Having youth determine the schedule
- Encouraging youth to make funding decisions
How else do we decide on leadership topics?

What are the top factors contributing to this indicator?

- Things going on at home: family issues
OnCare Project Evaluation

• Participated in focus group meant to find out what parts of OnCare were helpful.

• Youth input helped project shift focus to peer support, which included an increase in funding for youth peer support
Evaluation Question 1

What components of the project are perceived by youth and families as most helpful?

Caregivers, youth, and OnCare and Probation staff expressed that Family Navigation, Youth Advocacy, and the Leadership Academy are the most helpful elements of the program.
OnCare Evaluation

What did they say about YLA?

• Different speakers (Vera House, coping with stress, speakers who have been through similar things who have “bettered themselves’)

• “Gives me something to do instead of being stuck at the house, fighting, stealing, in the streets doing something stupid.”

• “The money helps… I’d be out there boosting.”

YOUTH SUCCESS STORIES
Successes of the Youth Leadership Academy

- Program Development!
- Youth making the community better for other youth!
- Program Expansion- Academy got bigger!
- Active Participation!
- Community Collaborations!
What are some steps your community can take to create a similar academy?

Does something similar already exist within your community?

What do you need to get started?

Who should be included?

What funding is available?

Who can you reach out to in your community?

What barriers are there in your community?
Some actionable steps you can take to create your own Academy

• Find the target population that can benefit

• Reach out to system partners- schools, mental health, courts, juvenile justice, child welfare

• Find ways to create incentives to get the targeted population involved such as stipends, gift cards, and food

• Raise money through fund raisers such as car washes, bake sales and even a lemonade stand

• Listen to youth!
Barriers of The Youth Leadership Academy

• Transportation

• Finding the right location

• The YLA is voluntary
Group Activity:

Help us come up with ideas to address our barriers

- Transportation
- Location
- Encouraging all youth to participate
- Opening YLA up to other youth
