Hi all -

A big thank you to all the presenters this year- this has been a great 1st year for the Work, Family & Well-Being Research Work Group. We have grown tremendously over this academic year and it would not have been possible without your commitment!

Our final meeting will be held April 21, 2016 at 12:15. Jodi Frey, PhD, LCSW-C, CEAP, of UMB's School of Social Work will present about "Online Screening and Early Intervention to Prevent Suicide among Middle Aged Men".

I am currently looking into an end of the year "get together" outside of our standard lunch model for May, since we do not have a speaker planned. I hope that we will continue to grow this group into next academic year.

Once again, I truly appreciate the interdisciplinary involvement and learning opportunities that this group is fostering.

Happy Spring!!!

Jennifer
